REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach in combination as claimed an apparatus and method of characterizing at least one of a three-dimensional position and a size of at least one electrically conductive mass within a defined space by providing a resistive medium having a periphery and a surface proximate to the space. Connecting a series of spaced-apart electrodes to the resistive medium along the periphery. Sending an AC signal through some of the electrodes and into the resistive medium, thereby capacitively coupling at least one mass to the resistive medium. Thus providing one of the size and the position of the at least one mass relative to the surface.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Walter Benson whose telephone number is (571) 272-2227. The examiner can normally be reached on Mon to Fri 6:30 AM to 4:00 PM.
